KD-P Water Bath（New）

Features:

- Touch operating system: touch-type high-definition LED digital display, equipped with heating status indicator light
- Intelligent PID temperature control: equipped with double high-precision temperature sensors
- Universal angle lighting: LED lighting with adjustable brightness and shifting angle
- Separation of water bath areas : Equipped with a water bath separator to freely separate the water bath surface, one pot can be used for two purposes, and can absorb debris from the water surface to keep the water surface clean

Technical parameters:

- Dimensions of water bath dish: 247x182x55 mm(W×D×H)
- Capacity of water bath dish: 2.3L
- Temperature setting range:0~99℃
- Light brightness adjustment: 0~5 levels
- Working Voltage: AC 100V~120V/AC 220V~240V
- Power frequency:50Hz/60Hz
- Power: 350W
- 330x375x130 mm(KD-P)
- Net weight:5kg
